2022 ANNUAL BREED SALE SCHEDULE

SOCIETY REGULATIONS FOR SALES

1. All lots will be sold strictly to catalogue order regardless of judging results.
2. All animals must be earmarked in accordance with the Society's and DEFRA regulations. Each animal presented individually for sale must be clearly identified with the appropriate lot number. **It is the Vendor's responsibility to ensure that all ear tag numbers are correct and agree with the printed catalogue and CFSBS registration details.**
3. Any error of description in the catalogue will be notified and announced by the Auctioneer at the time of sale.
4. Breeders/vendors are responsible for the registration of all entries in the Society's Flock Book. **All lambs (male and female) born in the same year as the sale must be registered with the Society by the Vendor in the Flockbook for that year.**
5. Vendors should notify reserve prices to the Auctioneers before the start of the sale. Animals for which no notification has been given will be presumed for sale without reserve.
6. All animals entered or exposed for sale must be the bona fide property of the vendor at the time of entry to the sale and be free of liens, charges, and incumbents.
7. Vendors must be current members of the Clun Forest Sheep Breeders Society before entering animals for sale.
8. Each animal forward at the sale must be exposed for sale by auction before any private sale shall be permitted or recognised by the Auctioneers.
9. All animals must be forward on the day of sale if possible.
10. All members presenting sheep for sale must have adequate public liability insurance.
11. Substitutions are strictly only allowed to replace animals that have been taken ill, are injured or died. A sheep maybe substituted for an original entry provided it is in the same class. The substitute's pen must be clearly

marked and include details of the animal's dam and sire clearly available for potential purchasers to see. The Auctioneers must be informed of the change so that a clear announcement can be made when the substitute animal is offered for sale.

12. Any additional animals, which do not meet the above criteria will be treated as late entries and offered for sale after the scheduled lots.
13. Bio-security – precautions relating to the segregation of MV Accredited stock must be followed at all times.
14. Movement Licences – Market Holding Number: 35 112 80001
